Group 3

Annotation Storage

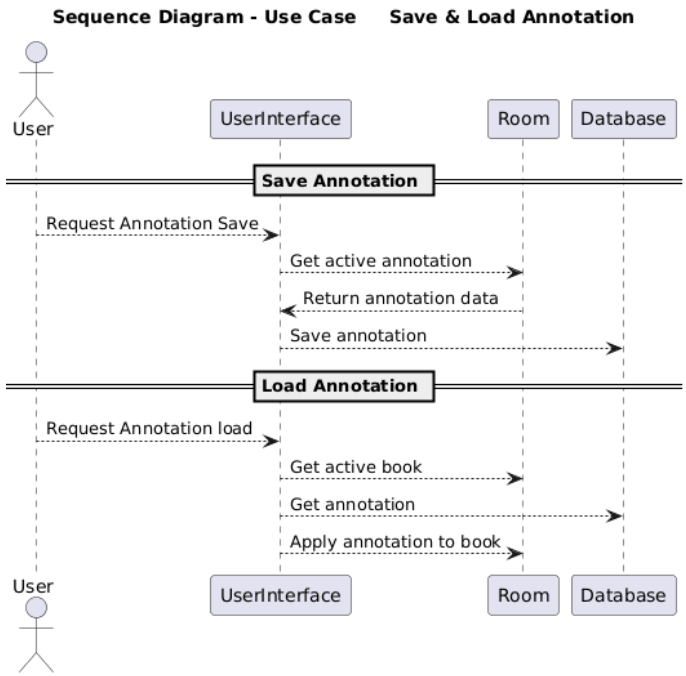

Figure Sequence diagram describing component interactions for Annotation saving & loading.

Library Navigation

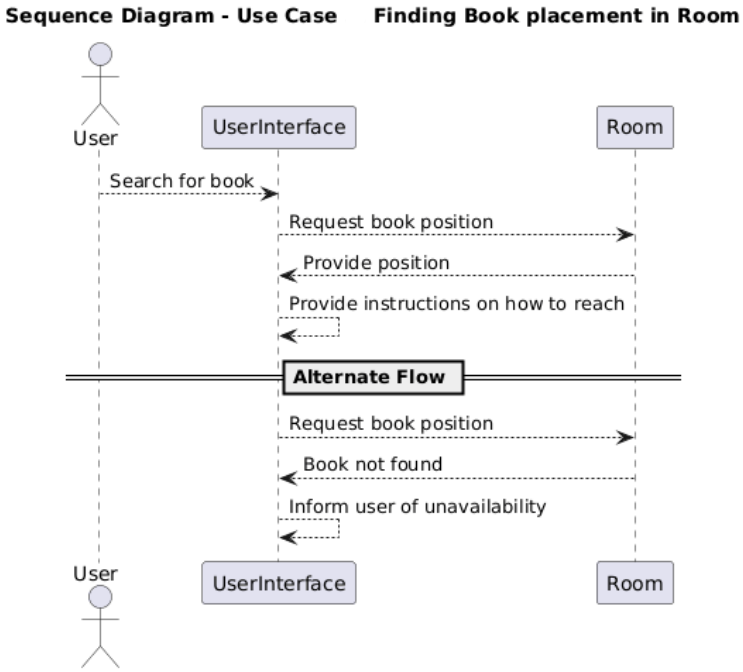

Figure Sequence diagram describing component interactions for finding a book in the Room.

Ordering Book

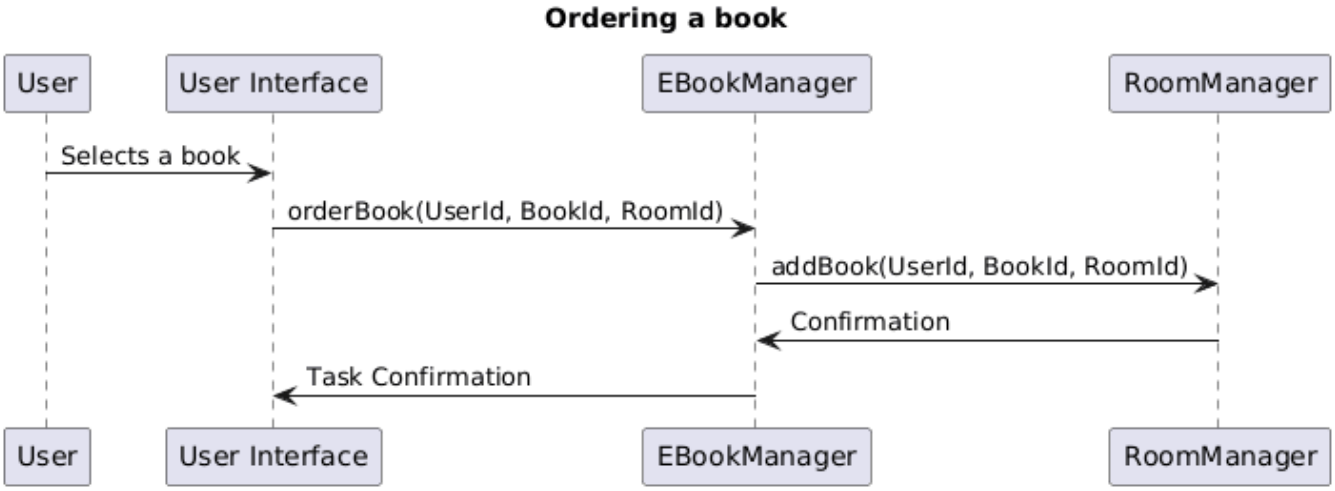

Figure Sequence diagram describing component interactions for finding a book in the Room.

Book & Notice Board annotation

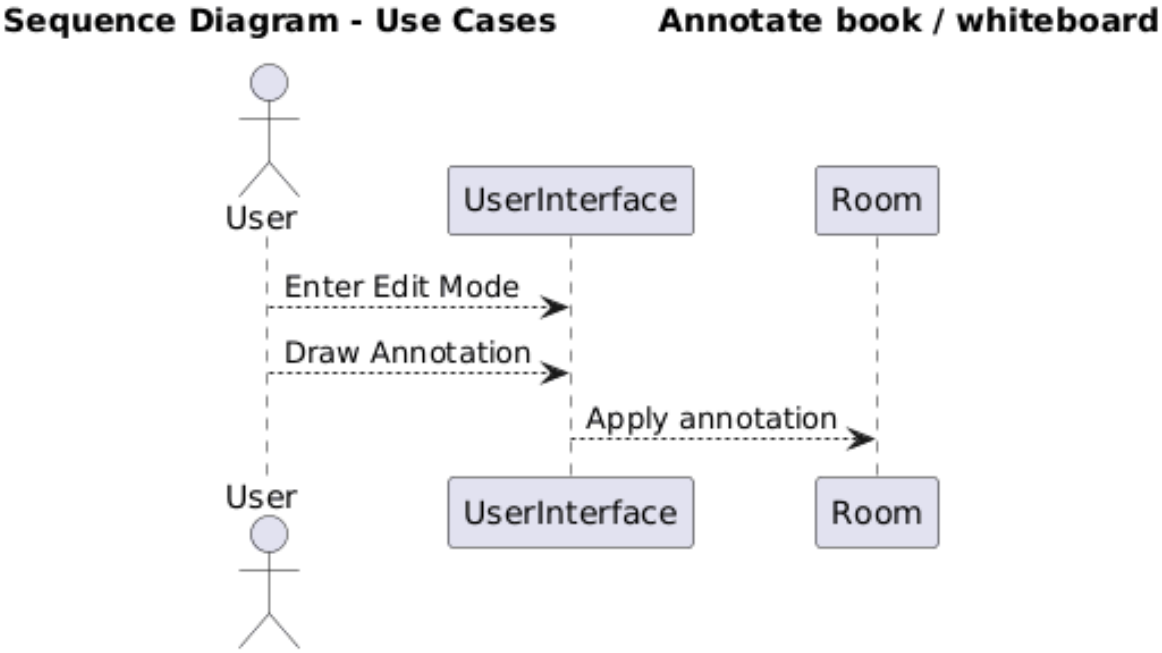

Figure Sequence diagram describing component interactions for annotation of books, and the notice/whiteboard.

User Role Management

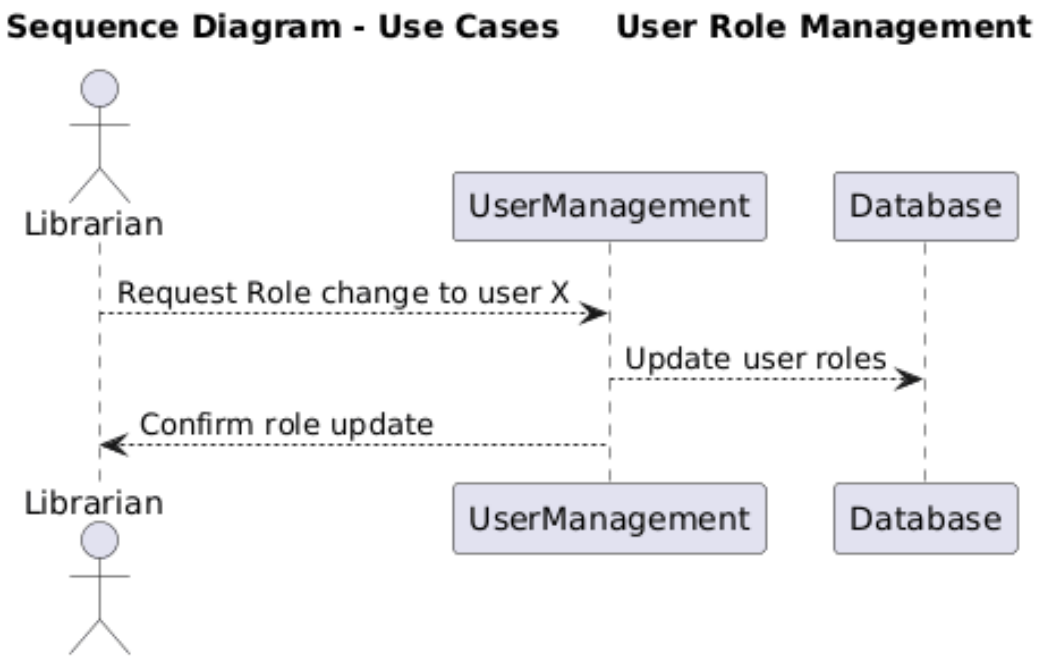

Figure Sequence diagram describing component interactions for the assignment of global roles to users.

Room Creation

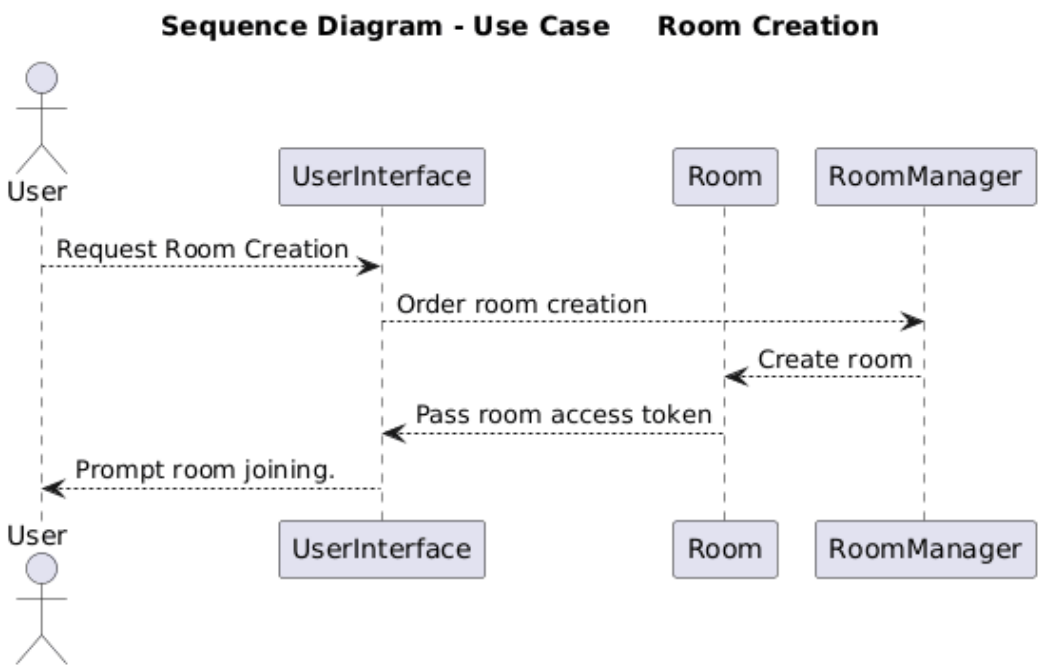

Figure Sequence diagram describing component interactions for the creation of a new Room.

Join existing room

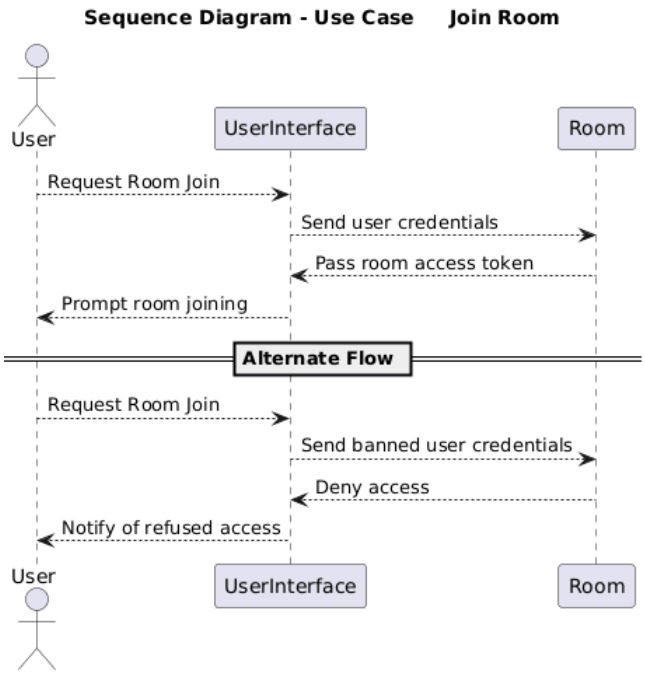

Figure Sequence diagram describing component interactions for joining an existing Room.

Leave current room

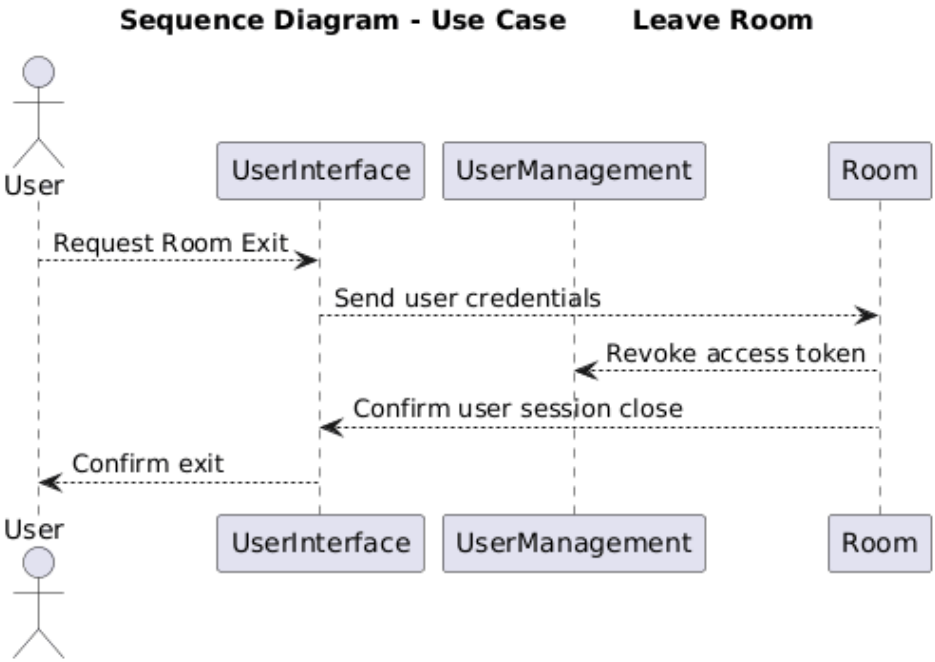

Figure Sequence diagram describing component interactions for leaving the current room.

Kicking/banning users from rooms

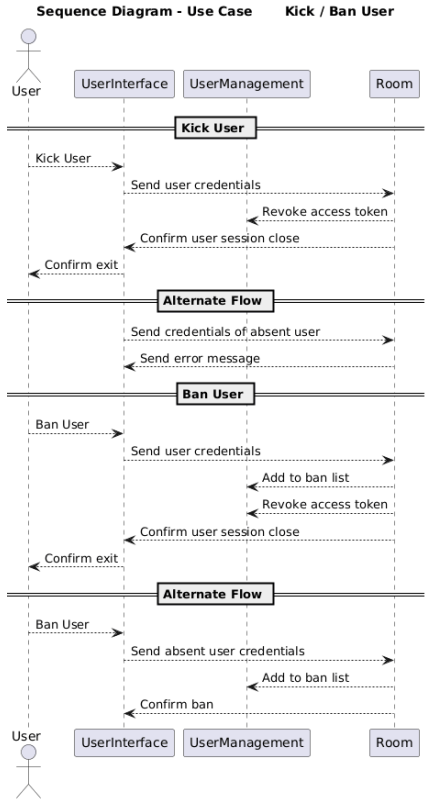

Figure Sequence diagram describing component interactions for banning & kicking users from rooms.

User Logout

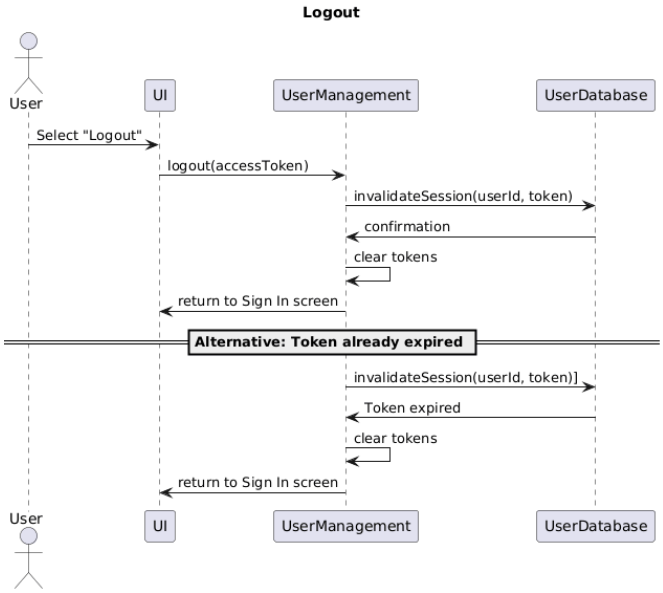

Figure Sequence diagram describing component interactions for user Logout

User Sign In

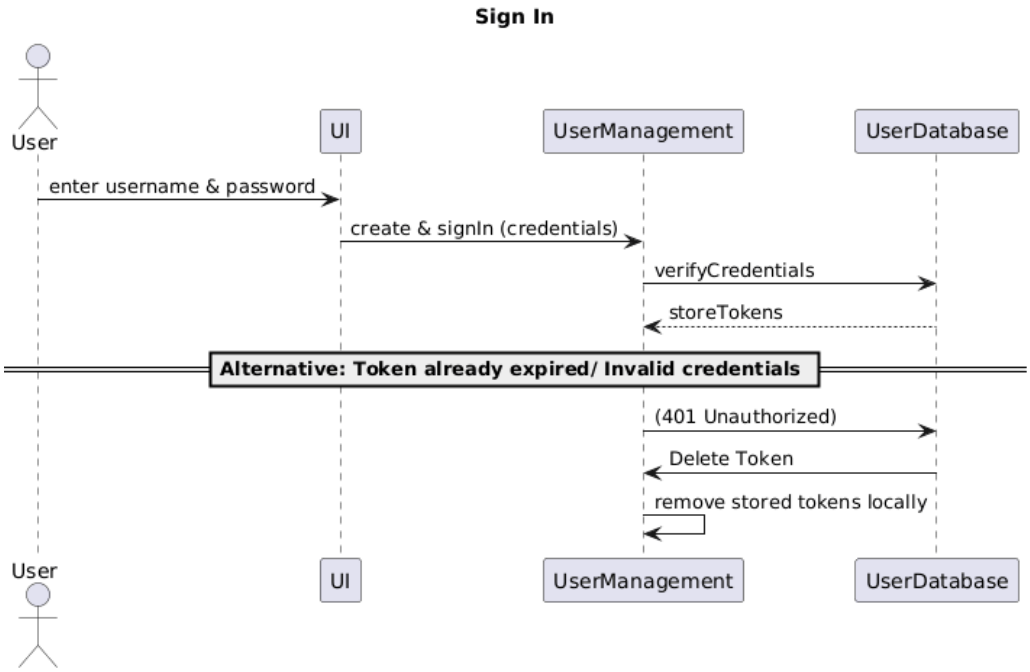

Figure Sequence diagram describing component interactions for User Login

Closing Room

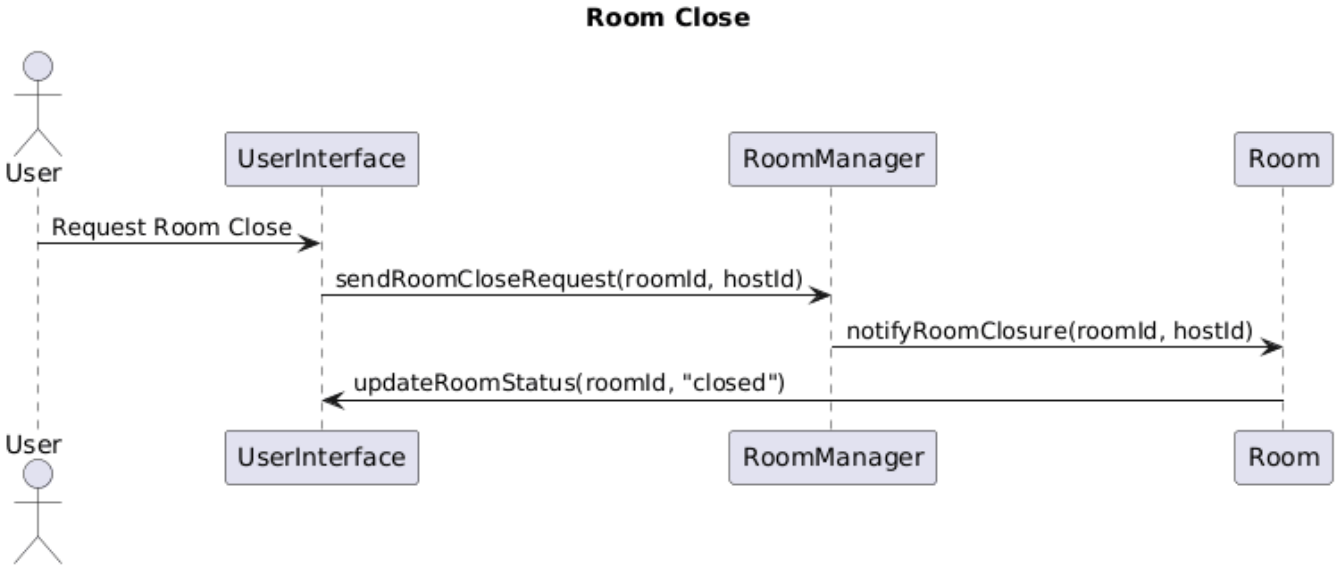

Figure Sequence diagram describing component interactions for User to close the room session

Room session display and termination

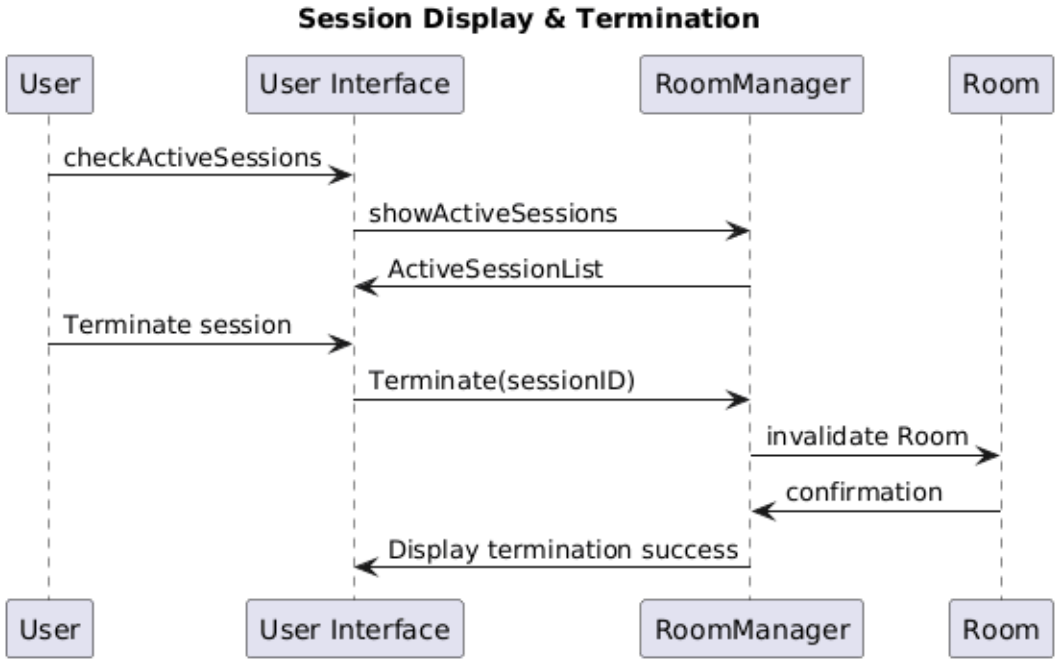

Figure Sequence diagram describing component interactions for session display and termination

Change Weather, Season, Time

Figure Sequence diagram describing component interactions for changing weather, season, and time.

Brightness Adjustment

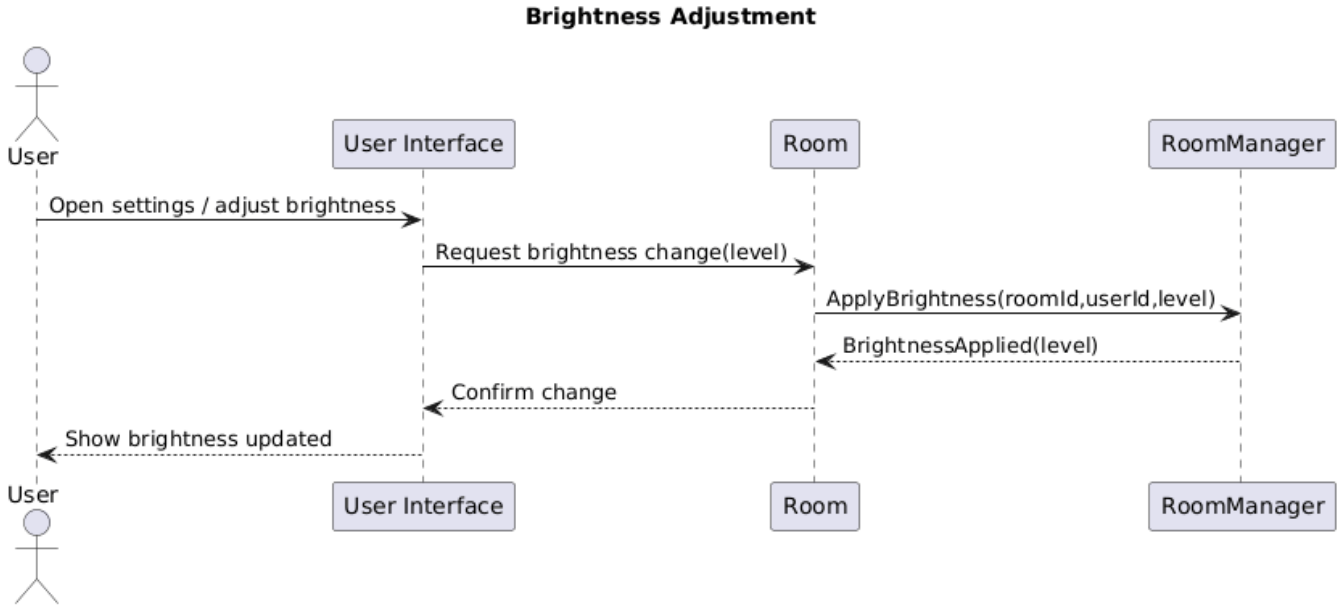

Figure Sequence diagram describing component interactions for

Volume adjustment

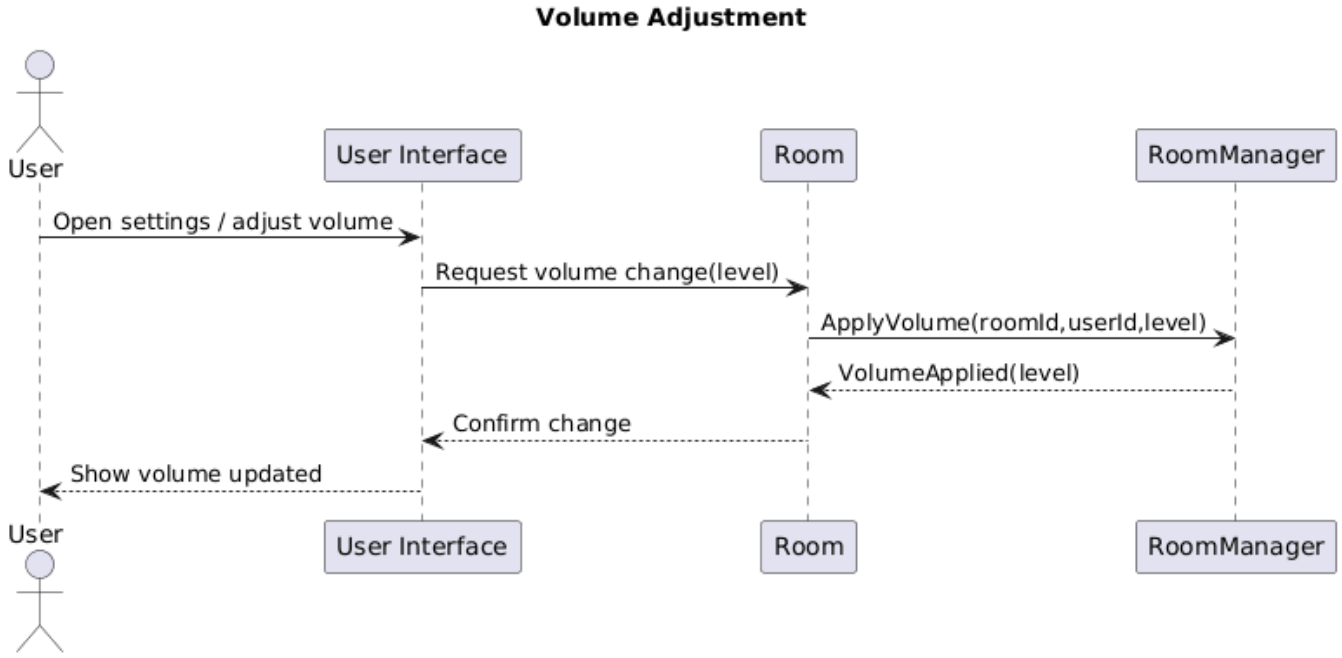

Figure Sequence diagram describing component interactions for volume adjustment

Daytime adjustment

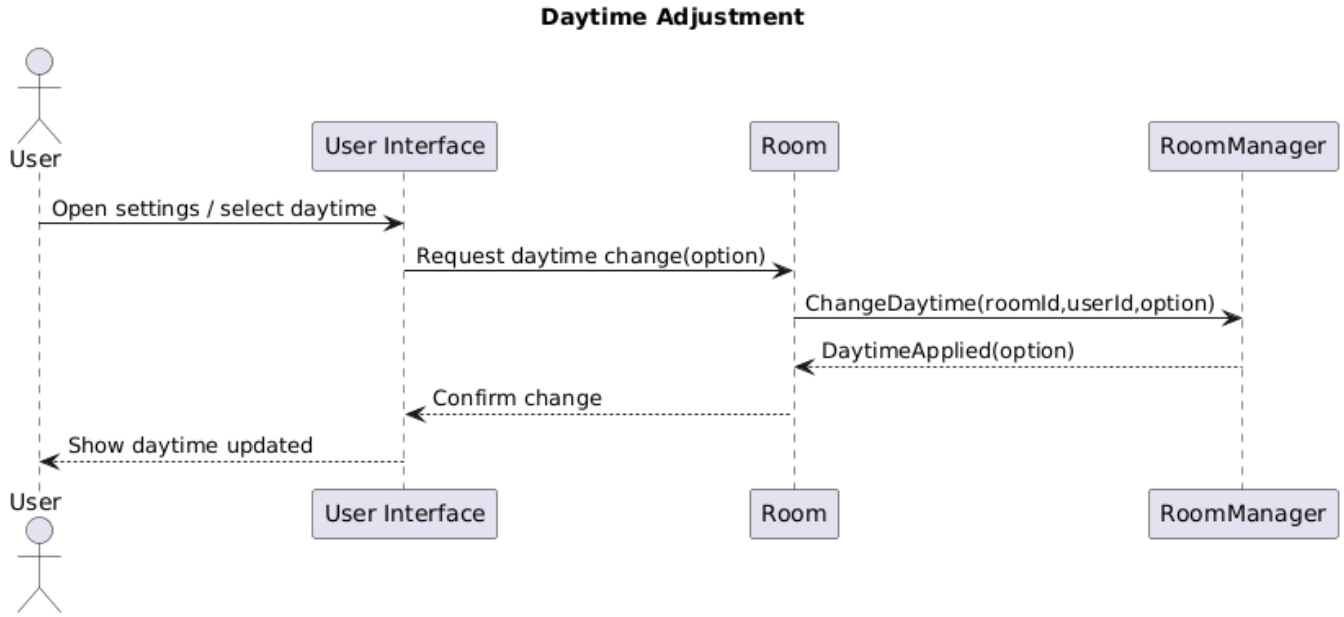

Figure Sequence diagram describing component interactions for daytime adjustment

Entering Focus Mode

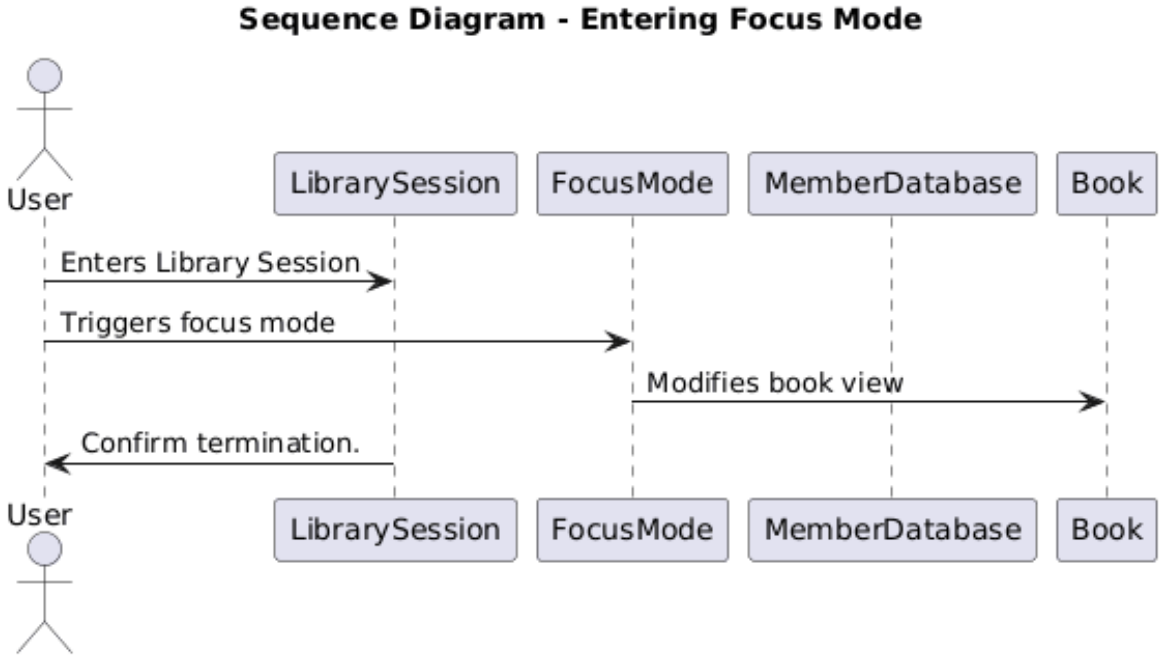

Figure Sequence diagram describing component interactions for entering focus mode

Exiting Focus Mode

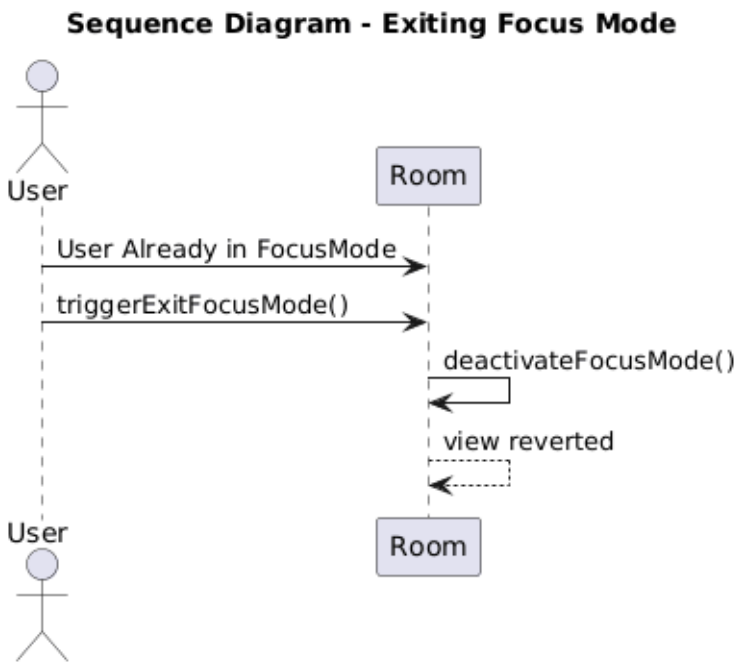

Figure Sequence diagram describing component interactions for exiting focus mode

Physical Movement

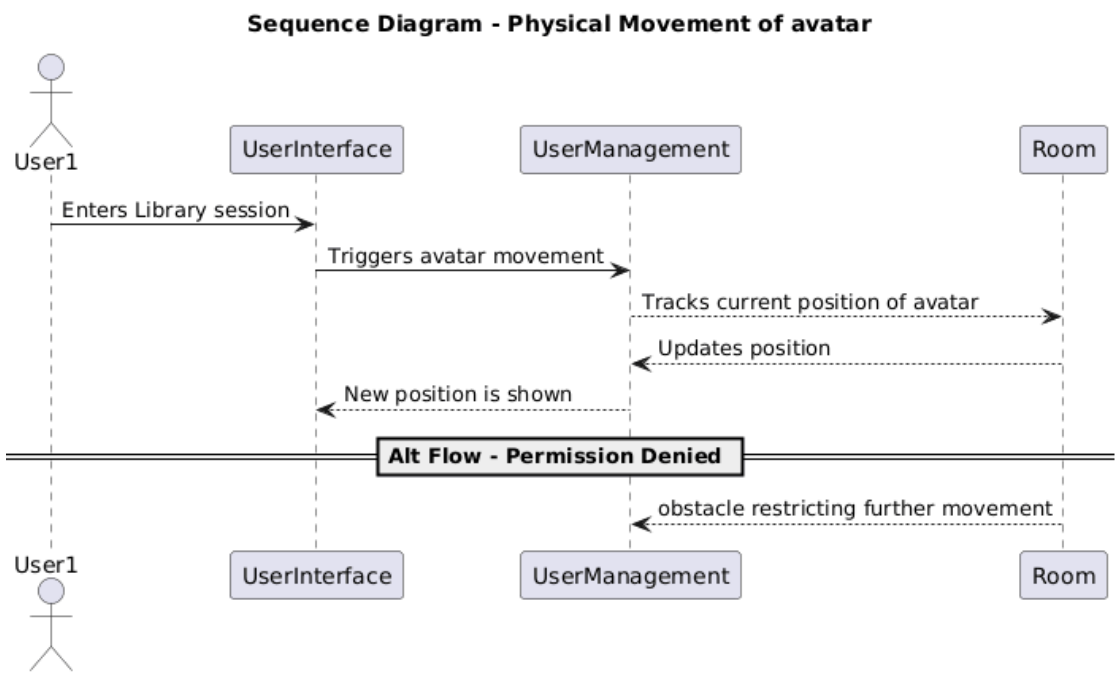

Figure Sequence diagram describing component interactions for physical movement

Shared Book Session

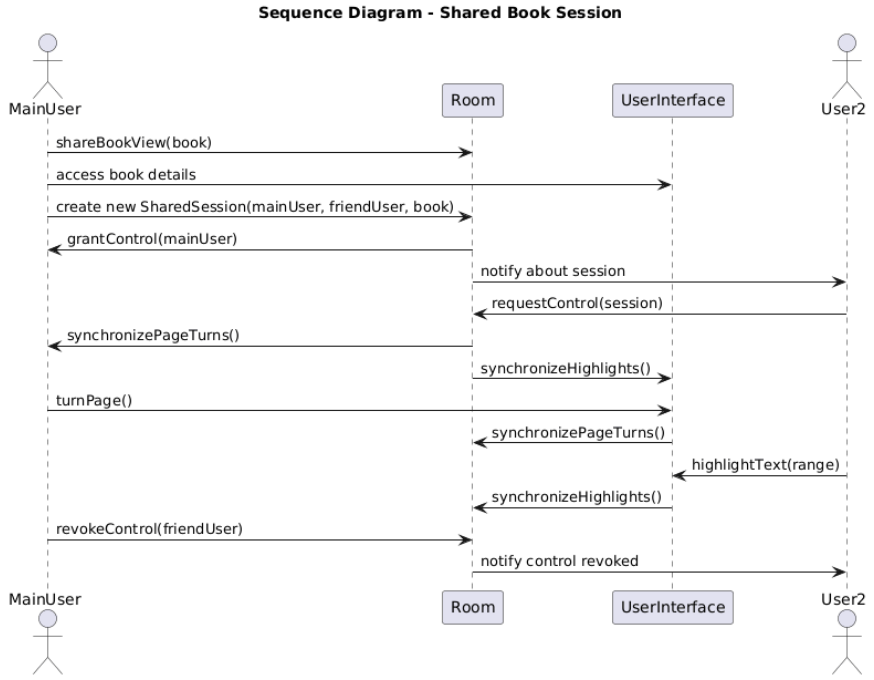

Figure Sequence diagram describing component interactions for sharing a book

Notice Board Interaction

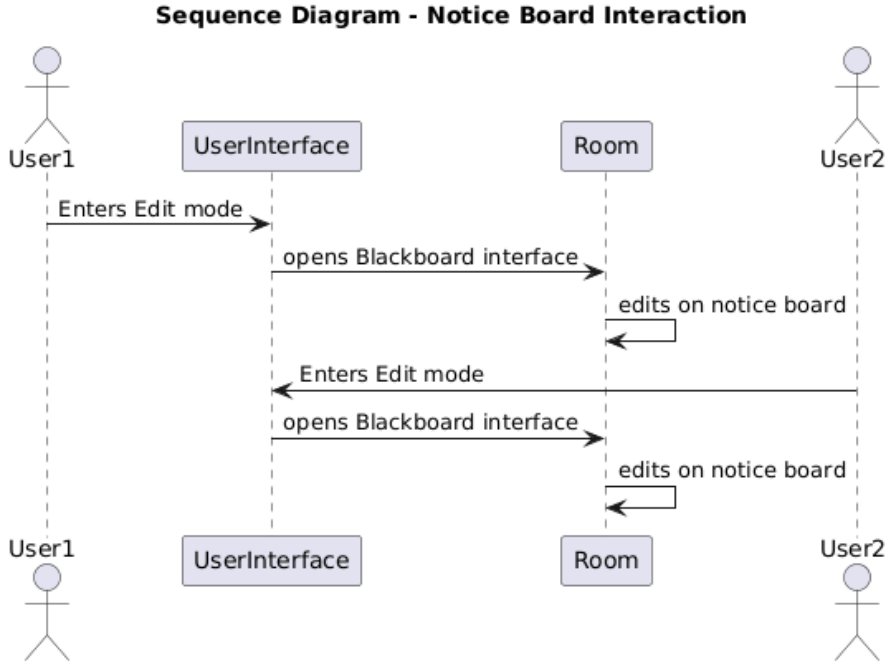

Figure Sequence diagram describing component interactions for Blackboard
